Profile

I'm Rob King, a young application developer at the University of Missouri. I'm learning a lot about mobile application development from my friends and colleagues. I'm looking for opportunities to expand my learning experiences.

Experience

JUNIOR MOBILE APPLICATION DEVELOPER, UNIVERSITY OF MISSOURI – 2013-2015

Built mobile applications for the Reynolds School of Journalism, and several clients thereof. Acted as teacher's aide for the mobile application development class, including designing homework projects, grading, and tutoring students in office hours.

MOBILE APP DEVELOPER, APP TREATS LLC – 2013-PRESENT

Developed mobile applications for clients, on both Windows Phone and iOS platforms. Communicated with clients to determine project requirements, deadlines, etc. Built mobile applications that worked with web backends to display data from a remote service. Created the CAFNR app on the iOS App Store.

Education

University of Missouri, Columbia, MO – B.S. Information Technology, 2014, with honors

Mineral Area College, Park Hills, MO – A.A. Computer Science, 2011

Skills

Proficient in both C# and Objective-C languages. Experienced with Ruby on Rails, C++, Swift and development for multiple mobile application platforms including iOS, Windows 8, and Android. Familiar with web technologies such as HTML, CSS, and PHP. Some experience with relational databases, especially PostgreSQL.
